

Description

Fasty 2.5M x 25mm Tie Down Straps 400kg are engineered for secure load management in professional settings. Constructed from steel mechanism polyester webbing complemented by a PVC bag and cardboard header, these red tie down straps offer reliable, straightforward performance for securing various loads during transport and handling. They provide dependable tensioning and stability, making them a practical choice for trade professionals who require consistent performance and robust build quality.

Features

- Secure steel mechanism provides robust load retention
- Durable polyester webbing withstands tension and outdoor exposure
- PVC bag and cardboard header design ensures reliable grasp
- 2.5 m length fits multiple securing and transport tasks
- Rated working load of 400kg enhances user confidence
- Easy to use design optimises fastening during handling
- Red colour improves visibility in active operations
- Constructed with durable materials prioritising reliability and performance

Product Code: FASTY124

Specifications
