

Description

Rocket 125mm Flap Discs 120 Grit - 10 Piece combine robust construction with practical functionality for surface preparation tasks. Developed by ROCKET, these flap discs incorporate a fibre backing, zirconium cloth and resin composition to deliver consistent and effective material removal with a controlled finish. They are designed for precise abrasive processing with an angle grinder and maintain performance at up to 12200 RPM, making them a reliable solution for trade professionals in both indoor and outdoor applications.

Features

- Withstands up to 12200 revolutions per minute on angle grinders
- Reinforced fibre backing ensures reliable support during use
- Zirconium cloth provides consistent abrasion and extended lifespan
- Resin coating improves cutting efficiency on various surfaces
- Suitable for both indoor and outdoor working conditions
- Engineered for angle grinders ensuring precise and efficient results
- Flap design guarantees even material removal on surfaces
- 120 grit surface ensures controlled material removal for smooth finish

Product Code: FD125120Z

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12200
Suits Tool Type	Angle Grinder
Grit	120

Weights

Product Weight (grams)	114
Product Weight (kg)	0.114

Construction

Product Material 1	Fiber Backing
Product Material 2	Zirconium cloth
Product Material 3	Resin

Appearance

Product Colour	Blue/Black/Silver
