

Description

Rocket 125mm Flap Discs 40 Grit - 10 Piece are designed for use with an angle grinder, utilising fibre backing, zirconium cloth and resin to achieve consistent and efficient material removal. Engineered with a 40 grit abrasive surface and a maximum RPM of 12200, they facilitate effective surface finishing for repair and maintenance tasks. Their robust construction offers technical advantages that benefit trade professionals in various practical applications.

Features

- Engineered with fibre backing, zirconium cloth and resin
- Suitable for both indoor and outdoor use
- Compatible with angle grinders up to 12200 rpm
- Designed with a 40 grit abrasive surface
- Blue black and silver finish enhances visual identification
- Engineered for consistent abrasive action in flap disc design
- Lightweight design reduces strain during continuous operation
- Reliable performance maintained by high quality construction materials

Product Code: FD12540Z

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12200
Suits Tool Type	Angle Grinder
Grit	40

Appearance

Product Colour	Blue/Black/Silver
----------------	-------------------

Weights

Product Weight (grams)	132
Product Weight (kg)	0.132

Construction

Product Material 1	Fiber Backing
Product Material 2	Zirconium cloth
Product Material 3	Resin
