

Description

Easyroll 2.50x4" Pneumatic Foam Filled Wheel 3/4" Bearing 100kg. This pneumatic wheel is designed for trade professionals requiring reliable performance in moving equipment. The black and red wheel features a steel core with foam filled construction and a durable ball bearing housed in a steel hub. Suitable for both indoor and outdoor use, it offers precise control and consistent load capacity, supporting dependable operation in routine applications.

Features

- Steel wheel core ensures durable, stable support
- Pneumatic design provides improved shock absorption
- Robust steel hub and bearings for long service life
- Ball bearings reduce friction in rotary motion
- Designed for both indoor and outdoor use
- Four ply design supports load capacity up to 100kg
- Precision engineering ensures reliable, smooth rolling performance
- Classic black and red colour scheme for clear identification

Product Code: FPW3.50-

Specifications

Bearing Type	Ball Bearing
Ply Rating	4
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Weights

Load Capacity kg	100.0
------------------	-------

Appearance

Product Colour	Black/Red
----------------	-----------

Construction

Wheel Core Material	Steel
Wheel Material	Pneumatic
Bearing Material	Steel
Hub Material	Steel

Dimensions

Tread Width	66
Axle Bore ID (F)	16
Wheel Width (C)	85
Wheel Diameter (A)	265

Weights

Product Weight (grams)	2201
Product Weight (kg)	2.201
