

Description

Easyroll 100mm Grey Rubber Bolt Hole Brake G1 Series Castor 55kg is designed for trade professionals requiring reliable movement control. It features a polypropylene wheel core, rubber wheel, steel housing and carbon steel bearing that ensure smooth manoeuvring and effective braking. The bolt fitting supports a 55kg load while the compact design offers practical operation and consistent performance for specialised tasks.

Features

- Constructed with robust steel housing for lasting performance
- Bolt hole fitting secures castor during installation
- 100mm rubber wheel enhances manoeuvrability
- Carbon steel bearing ensures smooth operational movement
- Polypropylene wheel core offers rigidity and lightweight design
- Plain bearing system reduces friction in rotary movement
- Total brake mechanism limits castor movement as needed
- Promotes efficient load distribution with single raceway design

Product Code: G10T33G100

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Plain Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	118
Product Width mm	47
Product Height mm	122
Wheel Diameter	100
Tread Width mm	24
Finish Height mm	122
Mounting Size (G) mm	M10

Appearance

Product Colour	Grey/Black/Silver
----------------	-------------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Rubber
Housing Material	Steel
Bearing Material	Carbon Steel
