

Description

Easyroll 75mm Grey Rubber Bolt Hole Brake G1 Series Castor 55kg features a polypropylene wheel core with a rubber wheel and a steel housing paired with carbon steel bearings. This castor provides precise manoeuvrability when in use on various equipment. Its robust construction and total brake system offer consistent performance. Trade professionals benefit from its reliable movement control, ensuring smooth positioning and ease of handling in practical applications.

Features

- Durable steel housing enhances castor longevity and braking performance
- Robust polypropylene wheel core ensures consistent load support
- Rubber wheel material offers quiet, controlled movement
- Plain bearing supports smooth operation under loaded conditions
- Bolt fitting simplifies secure installation for maintenance ease
- Total brake feature permits quick locking during use
- Castor designed for outdoor applications with robust build quality
- Single raceway supports precise directional tracking and manoeuvrability

Product Code: G10T33G75

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Plain Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Appearance

Product Colour: Grey/Black/Silver

Construction

Wheel Core Material	Polypropylene
Wheel Material	Rubber
Housing Material	Steel
Bearing Material	Carbon Steel

Dimensions

Product Length mm	105
Product Width mm	47
Product Height mm	100
Wheel Diameter	75
Tread Width mm	24
Finish Height mm	100
Mounting Size (G) mm	M10
