

Description

Easyroll 50mm Grey Rubber Bolt Hole G2 Series Castor 70kg is constructed using cast iron wheels and core, housed in robust steel with plain bearings made of carbon steel. It is designed for reliable, smooth mobility in outdoor applications. The dual raceway design facilitates balanced load distribution and consistent performance, offering practical efficiency and durability for industrial and trade professionals.

Features

- Durable cast iron wheel core supports heavy loads
- Steel housing provides robust construction for long service life
- Dual raceway design distributes load evenly
- Carbon steel plain bearings deliver smooth rotational movement
- Bolt hole fitting allows secure and precise attachment
- Precision engineered design enables reliable outdoor operation
- Cast iron wheel ensures durability and wear resistance
- G2 series design provides proven technical performance

Product Code: G20A33G50

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Plain Bearing
Raceway Type	Dual
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey/Black/Silver
----------------	-------------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Cast Iron
Housing Material	Steel
Bearing Material	Carbon Steel

Dimensions

Product Length mm	75
Product Width mm	51
Product Height mm	72
Wheel Diameter	50
Tread Width mm	17
Finish Height mm	72
Mounting Size (G) mm	M12
