

Description

Easyroll 50mm Grey Rubber Bolt Hole Brake G2 Series Castor 70kg is a castor designed for precise and reliable movement control with a robust build. The unit combines a polypropylene wheel core with polyurethane wheels and stainless steel plain bearings housed in steel construction. Its dual raceway and full brake system ensure effective stability and secure operation for applications involving controlled material handling and transport in trade-related tasks. The bolt hole fitting facilitates straightforward installation.

Features

- Robust steel housing ensures long lasting structural integrity
- Polyurethane wheel offers improved abrasion resistance
- Plain stainless steel bearing minimises friction and wear
- Dual raceway design maintains balanced rotational performance
- Integrated full brake secures equipment during repositioning
- Bolt hole fitting enables straightforward mounting on machinery
- Polypropylene wheel core contributes to lightweight design
- Attractive grey, black, silver finish blends with equipment
