

Description

Easyroll 75mm Grey Rubber Bolt Hole G6 Series Castor 90kg is built with a steel housing, ball bearing system and thermoplastic rubber wheels to deliver reliable movement and precise total braking. Designed with a polypropylene wheel core and a bolt hole fitting, it supports a load capacity of 90kg while ensuring secure mounting. Its practical construction offers clear advantages for trade professionals requiring dependable, technical performance in demanding settings.

Features

- Robust steel housing ensures long-lasting structural strength
- High-performance ball bearings enable smooth rolling motion
- Durable thermoplastic rubber wheel for reliable operation
- Polypropylene core reduces weight while distributing load evenly
- Includes bolt assembly for secure, straightforward installation
- Total brake system halts movement with precision
- Single raceway design provides consistent rolling stability
- Modern grey/silver finish integrates into diverse settings

Product Code: G61AZ44K75

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey/Silver
----------------	-------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Rubber
Housing Material	Steel
Bearing Material	Bearing Steel

Dimensions

Product Length mm	105
Product Width mm	58
Product Height mm	110
Wheel Diameter	75
Tread Width mm	28
Finish Height mm	110
Mounting Size (G) mm	M12
