

Description

Easyroll 100mm Grey Urethane Bolt Hole G6 Series Castor 120kg. This castor features a polypropylene wheel core and polyurethane wheel material that ensures smooth movement on various surfaces. The steel housing integrated with ball bearing technology offers robust durability and consistent performance. Secure bolt fitting simplifies installation and maintenance, making it an effective choice for trade professionals seeking reliable mobility and efficiency in their applications.

Features

- Durable steel housing provides robust stability and performance
- Polyurethane wheel offers smooth, quiet rolling on surfaces
- Polypropylene wheel core ensures long lasting wear resistance
- Ball bearing design allows consistent, reliable rotation under load
- Bolt fitting enables secure, straightforward installation every time
- Total brake mechanism delivers precise control during movement
- Single raceway setup simplifies maintenance and usage
- Grey and silver finish creates a refined, professional appearance

Product Code: G61AZ45K100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	125
Product Width mm	58
Product Height mm	135
Wheel Diameter	100
Tread Width mm	28
Finish Height mm	135
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver
----------------	-------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Bearing Steel
