

Description

Easyroll 150mm Grey Rubber Bolt Hole G6 Series Castor 130kg is designed for the efficient movement of heavy equipment with reliable directional control. Constructed with a robust steel wheel core, steel housing and ball bearing system, these castors feature durable pneumatic wheels and secure bolt hole fitting. They provide practical, consistent performance for professionals in trade settings, ensuring ease of manoeuvring and improved operational reliability.

Features

- Durable steel wheel core provides structural strength
- Pneumatic wheel ensures smooth responsive performance
- Steel housing offers superior stability and rugged construction
- Directional brake provides controlled stopping power
- Ball bearing system reduces friction and wear
- Bolt hole fitting simplifies secure castor installation
- Optimised design for indoor and outdoor performance
- Durable construction supports up to 130kg load capacity

Product Code: G61DZ44K150

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Directional
Fitting Type	Bolt Hole

Dimensions

Product Length mm	150
Product Width mm	58
Product Height mm	185
Wheel Diameter	150
Tread Width mm	28
Finish Height mm	185
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver/Green
----------------	-------------------

Construction

Wheel Core Material	Steel
Wheel Material	Pneumatic
Housing Material	Steel
Bearing Material	Steel
