

Description

Easyroll 100mm Grey Rubber Bolt Hole G6 Series Castor 120kg, is designed for consistent performance in professional applications. Engineered with a steel housing and ball bearings, its thermoplastic rubber wheel paired with a polypropylene core enhances durability and smooth movement. The bolt fitting ensures secure mounting while the total brake provides precise control. This castor supports efficient transport and contributes to streamlined operations for trade professionals.

Features

- Durable steel housing ensures lasting structural integrity
- Polypropylene wheel core resists deformations under load
- Thermoplastic rubber wheel provides quiet and reliable movement
- Ball bearing design minimises friction and wear
- Total brake mechanism guarantees precise motion control
- Bolt fitting simplifies maintenance and secure assembly
- Bearing steel components increase load capacity and longevity
- Single raceway design yields steady turning performance

Product Code: G61TZ44K100

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	135
Product Width mm	58
Product Height mm	135
Wheel Diameter	100
Tread Width mm	28
Finish Height mm	135
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Rubber
Housing Material	Steel
Bearing Material	Bearing Steel
