

Description

Easyroll 125mm Grey Rubber Bolt Hole G6 Series Castor 130kg is a robust castor designed with a steel wheel core, pneumatic wheel construction and steel housing. The unit features a ball-bearing system for smooth rotation and a total braking capability for enhanced control. It is built to meet the demands of industrial and trade professionals requiring reliable performance and optimal manoeuvrability. The bolt fitting ensures secure installation.

Features

- Durable steel housing and core ensure long-lasting performance
- Pneumatic wheel design supports smooth operation
- Precision ball bearings provide reliable rotation and easy manoeuvrability
- Integrated total brake unit offers controlled stopping power
- Bolt hole fitting secures attachment to various equipment
- Distinct grey silver and red finishes for clear identification
- Single raceway design maintains balanced load distribution
- Robust components withstand outdoor conditions with proven durability

Product Code: G61TZ44K125

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	135
Product Width mm	58
Product Height mm	160
Wheel Diameter	127
Tread Width mm	31
Finish Height mm	160
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Steel
Wheel Material	Pneumatic
Housing Material	Steel
Bearing Material	Steel
