

Description

Easyroll 125mm Grey Urethane Bolt Hole G6 Series Castor 130kg is engineered with robust steel construction and advanced pneumatic wheels for smooth transport on various surfaces. Its ball bearing system and total brake ensure controlled operation and reliable performance. The bolt hole fitting offers secure installation, making the product well suited for precise manoeuvring and transport tasks in diverse settings, thereby supporting professionals in trade environments with consistent mechanical efficiency.

Features

- Steel wheel core, housing and bearings for robust durability
- Pneumatic wheel provides smooth movement over uneven surfaces
- Total brake system ensures secure immobilisation when required
- Bolt hole fitting permits straightforward, precise installation
- Ball bearing mechanism offers efficient load distribution and movement
- Constructed with steel for enhanced weight support resilience
- Available in grey, silver and red for clear colour coding
- Designed for both indoor and outdoor tasks for versatile use

Product Code: G61TZ45K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	135
Product Width mm	58
Product Height mm	160
Wheel Diameter	125
Tread Width mm	32
Finish Height mm	160
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Steel
Wheel Material	Pneumatic
Housing Material	Steel
Bearing Material	Steel
