

Description

Easyroll 75mm Grey Urethane Bolt Hole G6 Series Castor 90kg. This castor from Easyroll is designed for dependable movement of heavy equipment in professional settings. It features a polyurethane wheel with a polypropylene core, a robust steel housing and a ball bearing system that ensures smooth rotation. The total brake and bolt fitting provide secure positioning, offering technical advantages and reliable operation for trade professionals in various practical applications.

Features

- Robust steel housing with bearing steel ensures durable performance
- Total brake provides control and precise stops
- Ball bearing design minimises friction during movement
- Bolt hole fitting simplifies secure installation in various applications
- Suitable for outdoor and indoor use with consistent performance
- G6 Series castor built for smooth manoeuvring and durability
- Easyroll design features quality construction and advanced materials
- Precision engineering ensures reliable movement in demanding tasks

Product Code: G61TZ45K75

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	135
Product Width mm	58
Product Height mm	110
Wheel Diameter	75
Tread Width mm	28
Finish Height mm	110
Mounting Size (G) mm	M12

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Bearing Steel
