

Description

Easyroll 125mm Grey Rubber Fixed Plate G6 Series Castor 130kg is engineered with a stable steel housing and reliable bearing steel ball bearings. Its thermoplastic rubber wheel combined with a polypropylene wheel core ensures durability and smooth movement. The fixed plate design with bolt hole swivel facilitates secure installation on plate mount equipment. Built for consistency and ease of rotation, it serves industrial and trade professionals with practical applications in equipment mobility and cost-effective design features.

Features

- Robust steel housing ensures structural strength
- Thermoplastic rubber wheels provide smooth manoeuvrability
- Polypropylene wheel core maintains high load performance
- Ball bearing design offers precise low friction movement
- Fixed plate mount secures castor to platform
- Single raceway structure promotes smooth rotation
- Professional grey and silver finish enhances product appearance
- Supports up to 130kg per castor for heavy loads
