

Description

Easyroll 125mm Grey Rubber Bolt Hole G7 Series Castor 100kg is a robust castor designed for efficient mobility across various professional settings. Its stainless steel housing and ball bearing system contribute to smooth rotation and reliable load handling. Featuring a thermoplastic rubber wheel with a polypropylene core, the device offers consistent performance and ease of installation. Built with precision, this castor supports effective equipment manoeuvring and enhanced operational efficiency for trade professionals.

Features

- Durable stainless steel housing offers robust build and reliability
- Polypropylene wheel core supports stability with light weight
- Thermoplastic rubber wheel provides smooth movement over varied surfaces
- Standard bolt fitting simplifies secure installation on assemblies
- Single raceway with ball bearings ensures consistent rotation performance
- Robust construction designed for outdoor and indoor applications
- G7 precision design guarantees smooth, accurate caster movement
- Castor rated for 100kg load for effortless handling

Product Code: G71AS62K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey/Silver
----------------	-------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Rubber
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Dimensions

Product Length mm	138
Product Width mm	59
Product Height mm	160.5
Wheel Diameter	126
Tread Width mm	32
Finish Height mm	160.5
Mounting Size (G) mm	M12
