

Description

Easyroll 125mm White Nylon Bolt Hole Brake G7 Series Castor 100kg provides a dependable wheel system engineered for precise positioning and manoeuvrability in professional settings. The nylon wheels and core, combined with a stainless steel housing and ball bearings, offer consistent rolling performance. The bolt fitting secures attachment on various equipment, while the total brake delivers controlled movement, ensuring efficient operation for trade professionals in both indoor and outdoor applications.

Features

- Stainless steel housing and bearings ensure robust construction
- Nylon wheel core and wheels deliver lightweight durability
- Total brake offers immediate motion stopping
- Ball bearings provide smooth, low friction movement
- Bolt hole fitting ensures stable and secure installation
- White and silver finish presents a clean aesthetic
- Features both indoor and outdoor functionality
- G7 configuration supports 100kg load capacity

Product Code: G71TS48G125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Appearance

Product Colour	White/Silver
----------------	--------------

Construction

Wheel Core Material	Nylon
Wheel Material	Nylon
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Dimensions

Product Length mm	142
Product Width mm	59
Product Height mm	161
Wheel Diameter	126
Tread Width mm	34
Finish Height mm	161
Mounting Size (G) mm	M12
