

Description

Easyroll 125mm Grey Urethane Bolt Hole Brake G7 Series Castor 100kg is built with a stainless steel housing and ball bearing assembly, ensuring robust performance with a single raceway design. The polyurethane wheel paired with a polypropylene core provides smooth movement on a range of surfaces, while the total brake system enables precise stopping. Its bolt-fitted configuration allows for secure installation and reliable operation, meeting the practical demands of trade professionals.

Features

- Stainless steel housing and bearings provide reliable performance
- Polyurethane wheels and core offer excellent wear resistance
- Ball bearing raceway ensures smooth and controlled rotation
- Total brake system supports secure positioning and stability
- Bolt hole fitting simplifies installation and ensures secure mounting
- Precision castors deliver low noise and smooth movement
- Distinct colours support quick component recognition
- Constructed with polypropylene core for enhanced wheel strength

Product Code: G71TS63K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey/Silver/Red
----------------	-----------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Stainless Steel
Bearing Material	Stainless Steel

Dimensions

Product Length mm	145
Product Width mm	59
Product Height mm	161
Wheel Diameter	125
Tread Width mm	32
Finish Height mm	161
Mounting Size (G) mm	M12
