

SIT Steel Crimped Wire Wheel 100mm x M6

Description

SIT Steel Crimped Wire Wheel 100mm x M6 provides reliable performance for cleaning, deburring, and surface preparation applications. This crimped wire brush, crafted from robust steel, offers consistent cleaning results and durability on a variety of components. Its brass and silver finish improves visibility during use. With a maximum speed of 10,000 RPM, it meets the precise maintenance needs of trade professionals and technical users alike.

Features

- Precision-engineered crimped steel wires deliver reliable cleaning performance
- Brass and silver finish affords enhanced durability and aesthetics
- Operates at speeds up to 10000 rpm for efficient functioning
- Versatile design accommodates diverse cleaning applications
- Precisely balanced wheel guarantees stable and controlled cycles
- Constructed with robust steel for extended service life
- Lightweight design minimises operator fatigue during prolonged use
- Crafted with precision and SIT expertise

Product Code: GG102
