

## Description

SIT Steel Crimped Wire Wheel 30mm x M6 is a precision-engineered cleaning tool designed for surface preparation and maintenance tasks. The silver and red crimped steel wires are mounted on a robust wheel, delivering performance up to 18000 RPM. Its balanced design and versatile build assist trade professionals in achieving efficient cleaning and finishing results on both indoor and outdoor applications.

## Features

- Crimped wire design for consistent surface abrasion
- Durable steel construction ensures long lasting performance
- Suitable for both indoor and outdoor use
- Precision crafting delivers consistent material removal
- Designed to operate at speeds up to 18000 RPM
- Silver and red colour scheme for enhanced visual distinction
- Engineered for precise and efficient material removal
- Easy integration with standard tooling systems

**Product Code: GG30**
