

Description

Colson 125mm Twin Wheel Swivel H6 Series Castor 100kg is engineered for reliable movement of equipment and platforms, serving trade and industrial professionals by offering consistent performance in material handling applications. It features a robust threaded stem design, precision carbon steel bearings and a durable urethane wheel over a nylon core. The grey, silver and white finish maintains a professional appearance while ensuring smooth manoeuvrability in various operational settings.

Features

- Twin castor design supports a 100kg load capacity
- Precision carbon steel bearings ensure reliable swivel performance
- Nylon wheel cores offer lasting durability and strength
- Urethane wheels provide smooth rolling and floor protection
- Threaded stem fitting allows secure and precise mounting
- Robust plastic housing ensures consistent protection for internal components
- Suitable for both indoor and outdoor applications
- Three-colour design offers visual versatility without compromising functionality

Product Code: H64A38K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Fitting Type	Threaded Stem

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Plastic
Bearing Material	Carbon Steel

Dimensions

Product Length mm	100
Product Width mm	NA
Product Height mm	150
Wheel Diameter	125
Tread Width mm	74
Finish Height mm	148
Bolt Thread Length (mm)	25
Bolt Thread Width (mm)	12
Mounting Size (G) mm	M12
