

Description

Easyroll 125mm Twin Wheel Swivel Brake H6 Series Castor 110kg is engineered with a combination of nylon wheel cores, polyurethane wheels, and steel housing and bearings to provide firm, reliable movement and total braking control across trade applications. Its dual raceway and ball bearing design support consistent performance and durability in both indoor and outdoor settings. The threaded stem fitting ensures secure installation for diverse operational needs in professional environments.

Features

- Durable polyurethane wheels with nylon cores for smooth rolling
- Steel housing and ball bearings ensure robust construction
- Total brake mechanism offers precise control during movement
- Dual raceway design enhances directional stability and performance
- Threaded stem fitting provides secure attachment and flexibility
- Suitable for outdoor tasks with weather resistant finish
- Engineered for heavy-duty use supporting loads up to 110kg
- Enhanced swivel design for manoeuvring through tight spaces easily

Product Code: H64T38K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Dual
Brake Type	Total
Fitting Type	Threaded Stem

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Steel

Dimensions

Product Length mm	141
Product Width mm	76
Product Height mm	170
Wheel Diameter	125
Tread Width mm	30
Finish Height mm	150
Bolt Thread Length (mm)	24.5
Bolt Thread Width (mm)	27.8
Mounting Size (G) mm	M12
