

Description

Easyroll 150mm Central Total Lock H7 Series Castor 150kg is designed with a nylon wheel core and a urethane wheel, housed in robust steel and supported by precision carbon steel bearings. It features a central total lock brake and socket fitting with bolt assembly for secure mounting. The castor offers dependable movement and control, providing practical benefits for material handling and load stability in trade settings.

Features

- Constructed with high-quality steel housing for lasting durability
- Precision bearing design reduces friction during movement
- Socket fitting enables quick and secure attachment
- Urethane wheel and single raceway provide smooth whisper quiet rolling
- Nylon wheel core offers reliable resilience for consistent performance
- Integrated bolt ensures firm mounting on application base
- Total brake mechanism prevents unwanted movement during use
- Engineered for indoor use with high precision manufacturing

Product Code: H75Q35K150

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Socket

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Steel
Bearing Material	Carbon Steel

Dimensions

Product Length mm	240
Product Width mm	69
Product Height mm	288
Wheel Diameter	200
Tread Width mm	32
Finish Height mm	288
Bolt Thread Length (mm)	100
Bolt Thread Width (mm)	27.8
Mounting Size (G) mm	M28
