

Description

Easyroll 150mm Central Dual Lock H7 Series Castor 150kg is a precision castor engineered for efficient material handling in professional settings. It features a wheel core and housing of polypropylene, a thermoplastic rubber wheel, and bearing steel components with precision bearings to ensure smooth motion. The design includes a socket fitting with bolt fixation and a total braking mechanism, offering dependable performance and clear technical advantages for indoor trade applications.

Features

- Thermoplastic rubber wheels deliver low noise controlled movement
- Precision bearings enable smooth rotational performance
- Polypropylene housing withstands impacts and daily wear
- Total brake secures castor with dependable mechanical action
- Socket fitting ensures quick and secure installation
- Included bolt reinforces castor mounting strength
- Supports load capacity of 150kg per unit
- Grey silver white finish enhances product organisation

Product Code: H75R35K150

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Socket

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Rubber
Housing Material	Polypropylene
Bearing Material	Bearing Steel

Dimensions

Product Length mm	603
Product Width mm	607
Product Height mm	288
Wheel Diameter	150
Tread Width mm	32
Finish Height mm	288
Bolt Thread Length (mm)	100
Bolt Thread Width (mm)	27.8
Mounting Size (G) mm	M28
