

Description

Colson 150mm Twin Wheel Central Total Lock H8 Series Castor 150kg is a castor solution engineered for equipment mobility in professional settings. It features a durable construction with a nylon wheel core, urethane wheels and a polyamide housing. Precision steel bearings, a single raceway, and total lock brakes combined with a reliable socket fitting provide practical manoeuvrability, while the grey, silver and white finish offers a clean, modern appearance for trade professionals.

Features

- Durable urethane wheel and nylon core for smooth rolling
- Robust polyamide housing ensures excellent overall structural integrity
- Precision steel bearings reduce friction for reliable performance
- Total braking system secures wheel for complete immobilisation
- Socket fitting provides straightforward and efficient installation
- Twin wheel design evenly distributes load across casters
- Intrinsic aesthetic offers subtle grey silver and white finish
- High load capacity supports up to 150kg operating weight

Product Code: H86Q40K150

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Socket

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Polyamide
Bearing Material	Steel

Dimensions

Product Length mm	225
Product Width mm	64
Product Height mm	150
Wheel Diameter	150
Tread Width mm	12.5
Finish Height mm	175
Bolt Thread Length (mm)	20
Bolt Thread Width (mm)	8
Mounting Size (G) mm	M8
