

Description

Colson 125mm Twin Wheel Central Dual Lock H8 Series Castor 120kg is a precision castor with a dual wheel configuration and total directional braking suitable for controlled movement in professional settings. It features a urethane wheel paired with a nylon core and precision steel bearings housed in polyamide, ensuring durability and smooth operation. The castor supports reliable mobility and secure positioning for trade applications while incorporating a socket fitting and bolt assembly for straightforward installation.

Features

- Twin wheel configuration improves stability and surface load distribution
- Socket fitting ensures secure attachment and straightforward installation
- Urethane wheel material offers smooth quiet movement
- Precision steel bearings reduce friction while enhancing manoeuvrability
- Polyamide housing provides robust and reliable structural support
- Nylon wheel core maintains durability under operational load
- Total directional braking provides precise control over movement
- Central dual lock system secures caster orientation

Product Code: H86R40K125

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Brake Type	Total Directional
Fitting Type	Socket

Appearance

Product Colour	Grey/Silver/White
----------------	-------------------

Construction

Wheel Core Material	Nylon
Wheel Material	Urethane
Housing Material	Polyamide
Bearing Material	Steel

Dimensions

Product Length mm	200
Product Width mm	64
Product Height mm	175
Wheel Diameter	125
Tread Width mm	12.5
Finish Height mm	150
Bolt Thread Length (mm)	20
Bolt Thread Width (mm)	8
Mounting Size (G) mm	M8
