

Description

Easyroll 100mm Twin Wheel Swivel HT Series Castor 80kg offers dependable mobility with precision bearing construction and robust materials including thermoplastic polyurethane, polypropylene, and polyamide. Its threaded stem fitting and total swivel brake mechanism ensure controlled movement and smooth handling in applications for trade professionals. Designed for indoor use, these castors deliver technical advantages by maintaining stability and consistent performance in demanding operational settings.

Features

- Twin wheel design for stable load distribution
- Precision bearings in cold rolled steel ensure smooth rotation
- Thermoplastic polyurethane wheels provide high abrasion resistance
- Durable polyamide housing maintains structural integrity under load
- Polypropylene wheel core offers lightweight yet robust performance
- Total swivel brake enhances castor control and precise stopping
- Threaded stem fitting ensures secure mounting and balance
- Bolt inclusion adds installation stability and ease

Product Code: HT100T4/G

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Brake Type	Total Swivel
Fitting Type	Threaded Stem

Appearance

Product Colour	Grey
----------------	------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Polyurethane
Housing Material	Polyamide
Bearing Material	Cold Rolled Steel

Dimensions

Product Length mm	101
Product Width mm	67
Product Height mm	175
Wheel Diameter	100
Tread Width mm	14
Finish Height mm	122
Bolt Thread Length (mm)	25
Bolt Thread Width (mm)	12
Mounting Size (G) mm	M12
