

Description

Easyroll 50mm Cast Iron Swivel Plate I2 Series Castor 55kg is built with a cast iron wheel core, cast iron wheels and a robust steel housing paired with plain steel bearings. It features a plate mount design with a total brake system and single raceway configuration. Designed for controlled and precise movement, this caster supports efficient handling and secure positioning in trade applications, ensuring reliable performance in demanding operational settings.

Features

- Cast iron wheel core and wheel ensure lasting strength
- Steel housing and bearings deliver dependable performance
- Plate mount design simplifies quick installation
- Swivel mechanism provides precise directional handling
- Total brake system offers complete motion control
- Single raceway design minimises friction
- Built for indoor use with smooth manoeuvring capabilities
- Easyroll construction ensures reliable operational support

Product Code: I22A16G50

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Plain Bearing
Raceway Type	Single
Brake Type	Total
Attachments	Plate Swivel Total Brake

Appearance

Product Colour	Grey/Silver
