

Description

Easyroll 50mm Cast Iron Fixed Plate I2 Series Castor 55kg is a robust solution offering smooth manoeuvrability and reliable load support for trade professionals. It features a cast iron wheel core and wheel combined with a steel housing and carbon steel bearings for steady, consistent performance. The fixed plate design with a single raceway ensures effective transfer of loads and precise positioning in indoor applications. Its straightforward construction provides dependable service for everyday technical requirements.

Features

- Easyroll I2 Series features robust cast iron wheels for indoor use
- Steel housing offers high strength and stability
- Carbon steel bearings yield reliable plain bearing operation
- Rigid plate mount design ensures secure fitting and alignment
- Single raceway simplifies maintenance and enhances functionality
- I2 Series design delivers high load capacity for precise handling
- Cast iron components contribute to robust overall construction
- Easyroll quality meets demanding technical requirements with reputable reliability

Product Code: I23A16G50

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Plain Bearing
Raceway Type	Single
Attachments	Plate Rigid

Appearance

Product Colour	Grey/Silver
----------------	-------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Cast Iron
Housing Material	Steel
Bearing Material	Carbon Steel

Weights

Product Weight (grams)	234
Product Weight (kg)	0.234
Load Capacity kg	55.0

Dimensions

Product Length mm	68
Product Width mm	38
Product Height mm	64
Wheel Diameter	50
Tread Width mm	21
Mounting Hole Dimensions mm	6.4x6.4
Hole Centre Dimensions mm	55x23
Plate Dimensions mm	68x38
