

Description

Easyroll 80mm Bolt Hole Brake I4 Series Castor 80kg is built with a steel housing and a plain bearing composed of steel and polyamide. The castor features a rubber wheel with a nylon core for consistent performance and smooth movement. Its bolt hole fitting allows secure installation and the total brake mechanism offers precise control in outdoor applications. The design supports efficient load handling and reliable mobility for trade professionals.

Features

- Durable steel housing for robust long-term operation
- Total brake mechanism for secure movement control
- Nylon wheel core ensures light weight and durability
- Rubber wheels provide grip on uneven surfaces
- Steel/polyamide bearing combination for smooth rotation
- Bolt hole fitting enables straightforward installation
- Designed for outdoor use with rugged performance
- Single raceway design reduces weight and improves handling

Product Code: I41T00G80

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Plain Bearing
Raceway Type	Single
Brake Type	Total
Fitting Type	Bolt Hole

Dimensions

Product Length mm	145
Product Width mm	59
Product Height mm	102
Wheel Diameter	80
Tread Width mm	30
Finish Height mm	102
Mounting Size (G) mm	M12

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Core Material	Nylon
Wheel Material	Rubber
Housing Material	Steel
Bearing Material	Steel/Polyamide
