

## Description

Easyroll 150mm Blue Rubber Fixed Plate J2 Series Castor 300kg is built with a sturdy steel housing and a red, black, and silver finish, featuring a polypropylene wheel core and rubber wheel. It incorporates a total brake and plate swivel system that enables precise control during movement and positioning. The design utilises carbon steel ball bearings to enhance operational consistency, making it a practical choice for trade professionals in various remobilisation and repositioning applications.

## Features

- Durable castor housing made from steel and carbon steel bearings
- Reliable plate mount for secure configuration
- Ball bearing design ensures smooth and predictable rolling performance
- Wheel core is polypropylene providing strong impact resistance
- Rubber wheel offers reliable grip on multiple surfaces
- Total brake design prevents unwanted movement during use
- Single raceway system supports efficient rolling performance
- Available in red, black and silver colour scheme

**Product Code: J23AZ83K150**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Attachments	Plate Swivel Total Brake

## Appearance

Product Colour	Red/Black/Silver
----------------	------------------

## Construction

Wheel Core Material	Polypropylene
Wheel Material	Rubber
Housing Material	Steel
Bearing Material	Carbon Steel

## Weights

Product Weight (grams)	1977
Product Weight (kg)	1.977
Load Capacity kg	300.0

## Dimensions

Product Length mm	150
Product Width mm	100
Product Height mm	187
Wheel Diameter	150
Tread Width mm	42
Mounting Hole Dimensions mm	19.6x10.7
Hole Centre Dimensions mm	85x70
Plate Dimensions mm	115x100
