

Description

Easyroll 125mm Blue Rubber Swivel Plate Brake J3 Series Castor 240kg is designed for professionals seeking reliable mobility solutions that deliver consistent performance. This castor features a steel housing with carbon steel bearings and rubber wheels supported by a polypropylene wheel core, providing smooth and manoeuvrable movement. The single raceway ball bearing assembly and plate mount fitting offer precise control and durability, while the red/black/silver colour scheme enhances its practical application and visual appeal.

Features

- durable steel housing ensures long-lasting structural support
- polypropylene wheel core reduces weight while maintaining rigidity
- rubber wheels provide shock absorption and smooth movement
- reliable ball bearings minimise friction during rotation
- single raceway design supports precise wheel control
- plate mount fitting enables quick, secure castor installation
- plate swivel attachment offers flexible directional movement
- load capacity of up to 240kg per castor
