

Description

Easyroll Fixed J3 Series Castor 225kg is a pneumatic series castor that offers reliable manoeuvrability for trade professionals. Constructed with a steel wheel core, housing and ball bearing system, it provides consistent and efficient movement for both indoor and outdoor applications. The rubber wheel and plate mount design ensure effective load distribution while maintaining durability and performance through extensive use in demanding trade settings.

Features

- Steel wheel core and housing provide enhanced structural integrity
- Rubber wheel enables smooth and quiet movement
- Ball bearing design reduces friction and simplifies manoeuvrability
- Plate mounting ensures secure attachment to various surfaces
- Designed for efficient indoor and outdoor movement
- Single raceway design enhances directional control
- Pneumatic wheel design smooths uneven surface rolling
- Black finish offers a clean and professional aesthetic

Product Code: J33A98B250

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single

Appearance

Product Colour	Black
----------------	-------

Construction

Wheel Core Material	Steel
Wheel Material	Rubber
Housing Material	Steel
Bearing Material	Steel

Weights

Product Weight (grams)	3477
Product Weight (kg)	3.477
Load Capacity kg	225.0

Dimensions

Product Length mm	260
Product Width mm	120
Product Height mm	305
Wheel Diameter	260
Tread Width mm	65
Mounting Hole Dimensions mm	19.6x10.7
Hole Centre Dimensions mm	85x70
Plate Dimensions mm	115x100
