

Description

Easyroll 200mm Cast Iron Fixed Plate J3 Series Castor 600kg is built with a durable cast iron wheel and core, a robust steel housing and precision ball bearings. The plate mount with plate swivel total brake delivers reliable control and manoeuvrability for trade professionals. Designed for both indoor and outdoor use, this castor supports heavy loads and technical applications with stable performance and consistent strength.

Features

- Cast iron wheel core and wheel provide robust strength
- Steel housing and bearings enhance product durability
- Precision ball bearings ensure smooth rotation and movement
- Total braking system grants reliable operational control
- Plate mount design provides a secure attachment point
- Single raceway design minimises friction and component wear
- Dual indoor outdoor use expands installation flexibility
- Distinct black silver finish supports visual consistency

Product Code: J33AZ82K200H

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Attachments	Plate Swivel Total Brake

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Cast Iron
Housing Material	Steel
Bearing Material	Steel

Weights

Product Weight (grams)	4680
Product Weight (kg)	4.68
Load Capacity kg	600.0

Dimensions

Product Length mm	200
Product Width mm	110
Product Height mm	240
Wheel Diameter	200
Tread Width mm	50
Mounting Hole Dimensions mm	17x11
Hole Centre Dimensions mm	105x80
Plate Dimensions mm	135x110
