

Description

Easyroll 100mm Urethane Cast Iron Fixed Plate J3 Series Castor 320kg is engineered for precise movement and load management in trade applications. It features a polyurethane wheel paired with a cast iron design, and a steel housing with carbon steel ball bearings ensure smooth rotation. The plate mount and integrated total brake offer controlled movement and secure stopping power, while the combination of robust materials provides a reliable solution for demanding operational tasks.

Features

- Robust steel housing supports plate mounted design for stability
- Urethane wheel provides low noise and enduring performance
- Ball bearing system ensures smooth movement with reduced friction
- Red black silver finish showcases robust engineered design
- Polypropylene core boosts durability and impact resistance
- Total brake allows immediate load control when required
- Single raceway design reduces maintenance and enhances performance
- Plate mount fitting supports rapid and secure installation

Product Code: J33AZ85K100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Brake Type	Total
Attachments	Plate Swivel Total Brake

Appearance

Product Colour	Red/Black/Silver
----------------	------------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Carbon Steel

Weights

Product Weight (grams)	2206
Product Weight (kg)	2.206
Load Capacity kg	320.0

Dimensions

Product Length mm	135
Product Width mm	110
Product Height mm	144
Wheel Diameter	100
Tread Width mm	43
Mounting Hole Dimensions mm	17x11
Hole Centre Dimensions mm	105x80
Plate Dimensions mm	135x110
