

Description

Easyroll 150mm Cast Iron Fixed Plate J7 Series Castor 600kg is designed with a cast iron wheel core and cast iron wheel, complemented by a steel housing and steel bearing that offer consistent performance for trade professionals. It features a rigid plate attachment with a simple single raceway design and plain bearing that provide smooth movement. Suitable for both indoor and outdoor use, it delivers practical, reliable mobility in demanding settings.

Features

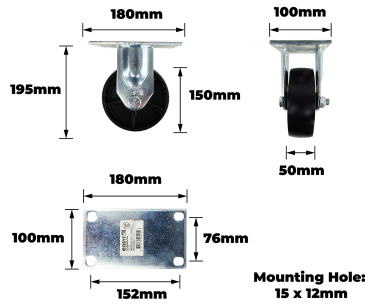

- Durable cast iron wheel and core enhance overall load bearing capacity
- Steel housing and bearings provide robust reliable performance
- Plate rigid attachment and plate mount ensure secure installation
- One-plate design supports efficient installation and maintenance
- Cast iron wheel ensures long lasting performance under heavy loads
- 150mm wheel size optimises movement and stability
- Practical design tailored for high load capacity up to 600kg
- Black and silver finish delivers a professional modern look
