

Description

Easyroll 150mm Urethane Cast Iron Fixed Plate J7 Series Castor 600kg is a robust caster designed for load handling and precise movement in trade applications. Its polyurethane wheel with a cast iron core offers a reliable combination of durability and performance. The steel housing and plain bearing type provide consistent, smooth movement. A fixed plate design enables secure mounting, making it useful for professionals seeking dependable mobility and technical efficiency in their equipment.

Features

- Durable cast iron wheel core enhances long lasting performance
- Urethane wheels provide smooth, quiet rolling on varied surfaces
- Steel housing and bearings withstand regular operational impacts
- Plate mount design offers secure and straightforward installation
- Single raceway configuration supports smooth rotational movement
- Fixed plate attachment ensures reliable mounting and steering control
- Suitable for both indoor and outdoor applications with robust build
- 600kg load capacity supports heavy duty operational requirements

Product Code: J73AZ85K150

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Plain Bearing
Raceway Type	Single
Attachments	Plate Rigid

Appearance

Product Colour	Red/Black/Silver
----------------	------------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Steel

Weights

Product Weight (grams)	4241
Product Weight (kg)	4.241
Load Capacity kg	600.0

Dimensions

Product Length mm	180
Product Width mm	100
Product Height mm	195
Wheel Diameter	150
Tread Width mm	50
Mounting Hole Dimensions mm	15x12
Hole Centre Dimensions mm	152x76
Plate Dimensions mm	180x100
