

Description

Precision Brand Square Key Steel 10x10mm Metric Steel is constructed from C1020 to C1045 steel with a durable gold finish and includes the necessary hardware. Designed for precise applications, this key steel serves as a dependable component in a range of trade settings. It is produced using metric measurements for accuracy and uniformity, ensuring value through reliable performance and practical versatility for professionals focused on effective and efficient mechanical solutions.

Features

- Precision engineered using C1020 to C1045 steel
- Gold finish provides clear visual identification
- Metric design with 10x10mm dimensions
- Includes integrated hardware for secure installation
- Square profile enables reliable assembly alignment
- Engineered for stable and dependable operation
- Constructed for accuracy under technical use
- Precision Brand quality ensures trusted engineering

Product Code: KS10X10MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	245
Product Weight (kg)	0.245

Dimensions

Product Height (mm)	100
Product Width (mm)	10
Product Length (mm)	10

Specifications

Unit of Measure	Metric
