

Description

Precision Brand Square Key Steel 10x10mm Metric Stainless Steel is produced from 303/304 stainless steel and designed for accurate, indoor applications. Its square configuration and robust build provide dependable performance in assembling machinery and technical equipment. The inclusion of hardware streamlines installations, while its metric dimensions enable straightforward integration with contemporary components. This product offers trade professionals reliable support for precise industrial setups and maintenance work.

Features

- Constructed from 303/304 stainless steel for durability
- Precision engineering ensures consistent performance each operation
- Square design fits metric hardware applications with accuracy
- Silver finish offers clear visual identification and style
- Key steel unit meets metric measurements for precise assembly
- Engineered for reliable operation in indoor installations
- High-quality hardware included for ease of integration
- Manufactured to high standards ensuring predictable fit and function

Product Code: KS10X10MMSS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Silver
Construction	
Product Material 1	303/304 Stainless Steel

Weights

Product Weight (grams)	245
Product Weight (kg)	0.245

Dimensions

Product Height (mm)	100
Product Width (mm)	10
Product Length (mm)	10

Specifications

Unit of Measure	Metric
