

Description

Precision Brand Square Key Steel 12x12mm Metric Steel is manufactured from C1020 to C1045 steel, offering a reliable solution for precise mechanical applications. It features included hardware that facilitates straightforward integration and is designed for indoor use. The key steel supports accurate fitting and maintenance in trade and professional contexts, ensuring consistent performance and ease of installation through its metric design and focus on technical efficiency.

Features

- Precision engineered gold key steel for reliable key components
- Manufactured from C1020 to C1045 quality steel for durability
- Consistent metric 12x12mm dimensions for precise assembly
- Includes integral hardware for complete ready-to-use system
- Crafted for indoor applications with specified metric measurements
- Gold finish supports quick identification during assembly
- Engineered for precise fit in compact 12x12mm designs
- Built with consistent precision from high quality steel

Product Code: KS12X12MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	350
Product Weight (kg)	0.35

Dimensions

Product Height (mm)	125
Product Width (mm)	12
Product Length (mm)	12

Specifications

Unit of Measure	Metric
