

Description

Precision Brand Square Key Steel 16x16mm Metric Stainless Steel is designed for precise mechanical applications within controlled indoor settings. Manufactured using 303/304 stainless steel, this key steel offers robust structural integrity and consistent performance in fixed installations. The dimensions ensure accurate fitment with metric measurements, while the included hardware simplifies assembly. It serves as a reliable component for systems requiring durable and well-engineered elements.

Features

- Constructed from 303/304 stainless steel for lasting strength
- Precision cut for reliable technical operation
- Silver finish delivers a sleek, modern appearance
- Intended for indoor use with metric accuracy
- Comes with complete hardware for straightforward installation
- Engineered to deliver consistent performance in technical settings
- Manufactured with quality controls ensuring reliable technical performance
- Standard 16x16mm metric dimensions for precise system integration

Product Code: KS16X16MMSS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Silver
Construction	
Product Material 1	303/304 Stainless Steel

Weights

Product Weight (grams)	620
Product Weight (kg)	0.62

Dimensions

Product Height (mm)	6
Product Width (mm)	16
Product Length (mm)	16

Specifications

Unit of Measure	Metric
