

Description

Precision Brand Square Key Steel 18x18mm Metric Steel is a key steel product designed for secure mechanical applications in various technical systems. It is fabricated from C1020 to C1045 steel, ensuring durability and consistency. Its gold colour aids in distinguishing it from other components during assembly. The product includes hardware for robust engagement, offering practical benefits for professionals in trade and maintenance tasks across a range of internal applications.

Features

- Constructed from C1020 to C1045 steel for durability
- Gold finish enhances visual identification and product quality
- Square 18x18mm design ensures uniform compatibility with components
- Precision manufacturing delivers consistent dimensions every time
- Indoor usability supports controlled environments and safe storage
- Metric calibration offers precise integration with existing systems
- Robust hardware integration adds secure mounting and installation
- Trusted Precision Brand provides dependable quality over time

Product Code: KS18X18MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	785
Product Weight (kg)	0.785

Dimensions

Product Height (mm)	390
Product Width (mm)	18
Product Length (mm)	18

Specifications

Unit of Measure	Metric
