

## Description

Precision Brand Square Key Steel 1x1" Imperial Steel is a precisely engineered component crafted from C1018 Steel. Designed for secure applications and professional installations, its silver finish complements any interior setting. The product includes hardware for straightforward assembly, offering trade professionals a practical solution for effective key steel applications. Its balanced construction and reliable performance provide enhanced accuracy and durability in mechanisms and lock systems for professional use.

## Features

- Forged from C1018 steel for robust long-lasting performance
- Clean silver finish offers a modern professional appearance
- Precision engineered for accurate key steel interfacing
- Integrated hardware simplifies secure installation
- Engineered design supports reliable indoor performance
- Imperial unit measurement ensures compatibility with existing systems
- Square key design facilitates precise component interfacing
- Engineered for practical applications with assured operational stability

**Product Code: KS1X1**

## Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
<b>Appearance</b>	
Product Colour	Silver
<b>Construction</b>	
Product Material 1	C1018 Steel

## Weights

Product Weight (grams)	1,542.24
Product Weight (kg)	1.54224

## Dimensions

Squared (IN)	1 SQ
Product Length (IN)	12"

## Specifications

Unit of Measure	Imperial
