

Description

Precision Brand Rectangle Key Steel 20x36mm Metric Steel is engineered from C1020 to C1045 steel and finished in gold. It provides a reliable component that supports precise assembly processes in a variety of commercial applications. Constructed with robust hardware, it delivers dependable performance for product alignment and secure fastening in professional trades. Its rectangular design ensures accurate fitment, making it an essential tool for efficient day-to-day operations in technical settings.

Features

- Constructed from C1020 to C1045 grade steel
- Gold finish enhances visual clarity
- Features integrated hardware for secure installation
- Metric dimensions ensure compatibility with technical drawings
- Engineered for reliable operation
- Manufactured with rigorous quality control measures
- Precision design provides repeatable performance
- Metric design simplifies compatibility with technical assemblies

Product Code: KS20X36MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	1,750
Product Weight (kg)	1.75

Dimensions

Product Height (mm)	200
Product Width (mm)	20
Product Length (mm)	36

Specifications

Unit of Measure	Metric
