

Description

Precision Brand Square Key Steel 25x25mm Metric Steel is a precisely engineered key steel designed for assembly tasks and secure component alignment in professional applications. Made from C1020 to C1045 steel with a grey finish, it provides consistent metric dimensions and reliable performance. This component includes the necessary hardware for immediate installation and is ideal for trade professionals who require precision in fitting assemblies and ensuring accurate measurements in controlled indoor settings.

Features

- Precision key steel component
- Manufactured from durable C1020 to C1045 steel
- Grey finish suited to indoor applications
- Includes all necessary hardware for secure assembly
- Metric dimensions ensure accurate installation
- Engineered for precision performance in demanding projects
- High quality steel for long-lasting functionality
- Trusted Precision Brand standard in steel components

Product Code: KS25X25MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Grey
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	1,515
Product Weight (kg)	1.515

Dimensions

Product Height (mm)	15
Product Width (mm)	4
Product Length (mm)	25

Specifications

Unit of Measure	Metric
