

Description

Precision Brand Square Key Steel 4x4mm Metric Steel is a durable key steel engineered from C1020 to C1045 steel with a gold finish. It is intended for precise keying applications that demand reliable and consistent performance for trade professionals. The metric dimensions promote accurate integration with compatible components, and the hardware provided facilitates secure assembly in environments that require controlled, indoor installation.

Features

- Crafted from robust C1020 to C1045 steel
- Gold finish provides distinctive visual clarity
- Precision engineered for technical performance
- Compatible with metric measurement standards
- Hardware included ensuring complete installation package
- 4x4mm dimensions for accurate component alignment
- Engineered for reliable indoor performance
- Compact design for straightforward integration and replacement

Product Code: KS4X4MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	40
Product Weight (kg)	0.04

Dimensions

Product Height (mm)	4
Product Width (mm)	4
Product Length (mm)	4

Specifications

Unit of Measure	Metric
