

Description

Precision Brand Square Key Steel 5/16x5/16" Imperial Stainless Steel. Manufactured from 303/304 stainless steel, this key steel provides reliable performance and robust construction for precision assembly tasks. The included hardware facilitates secure and accurate integration into mechanical systems. Designed for indoor applications, it supports efficient machine alignment and component interconnectivity. Trade professionals benefit from its consistent quality and technical suitability in operations requiring fine tolerances and sound engineering.

Features

- Constructed from 303/304 stainless steel ensures durability
- Precision engineered key steel for reliable secure performance
- Indoor-compatible design ideal for fixed installations
- Silver finish provides professional aesthetic appeal
- Hardware included for complete installation package
- Imperial size measurements facilitate direct design integration
- Engineered by PRECISION BRAND to exacting standards
- Engineered for consistent performance in varied applications

Product Code: KS5/16X5/16SS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Silver
Construction	
Product Material 1	303/304 Stainless Steel

Weights

Product Weight (grams)	150.6
Product Weight (kg)	0.1506

Dimensions

Squared (IN)	5/16 SQ
Product Length (IN)	12"

Specifications

Unit of Measure	Imperial
