

## Description

Precision Brand Rectangle Key Steel 5/8x7/8" Imperial Steel is a precision-engineered key designed for reliable mechanical connections in a range of equipment assemblies. It is constructed from C1018 steel with a silver finish and uses standard imperial measurements. The included hardware facilitates straightforward installation, ensuring consistent fit and performance. This key steel offers robust durability and accuracy for trade professionals seeking dependable engineering solutions.

## Features

- Precision engineered key steel for dependable technical applications
- Made of high-quality C1018 steel for consistent strength
- Key steel designed for accuracy in precision applications
- Silver finish offers visual clarity and professional appearance
- Includes complete hardware for immediate use
- Engineered to operate reliably with standard Imperial measurements
- Robust construction supports long-term operational performance
- Precision Brand assurance underpins each manufactured key steel product

**Product Code: KS5/8X7/8**

## Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
<b>Appearance</b>	
Product Colour	Silver
<b>Construction</b>	
Product Material 1	C1018 Steel

## Weights

Product Weight (grams)	843.24
Product Weight (kg)	0.84324

## Dimensions

Product Height (IN)	0.875
Product Width (IN)	0.625
Product Length (IN)	12"

## Specifications

Unit of Measure	Imperial
