

Description

Precision Brand Square Key Steel 5x5mm Metric Steel is a gold-finished component engineered for secure mechanical connections. Fabricated from C1020 to C1045 steel, it incorporates precise dimensions and integrated hardware to ensure reliable performance during assembly and repair tasks. The product meets the needs of technical experts and trade professionals by offering a robust solution that supports accurate alignment and stable operation in various specialised applications.

Features

- Manufactured from high-grade C1020 to C1045 steel
- Gold finish imparts a distinctive, long-lasting appearance
- Key steel designed for precise, predictable performance in fittings
- Compact 5x5mm metric design supports correct alignment and fit
- Includes necessary hardware for secure installation
- Designed using practical, robust manufacturing processes for reliability
- Precision branding ensures quality visual identification and trust
- Engineered to deliver consistent performance in precision applications

Product Code: KS5X5MM

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Gold
Construction	
Product Material 1	C1020 to C1045 Steel

Weights

Product Weight (grams)	65
Product Weight (kg)	0.065

Dimensions

Product Height (mm)	8
Product Width (mm)	8
Product Length (mm)	5

Specifications

Unit of Measure	Metric
